

E-Reserve Assignment

GEN 110
(Erion)

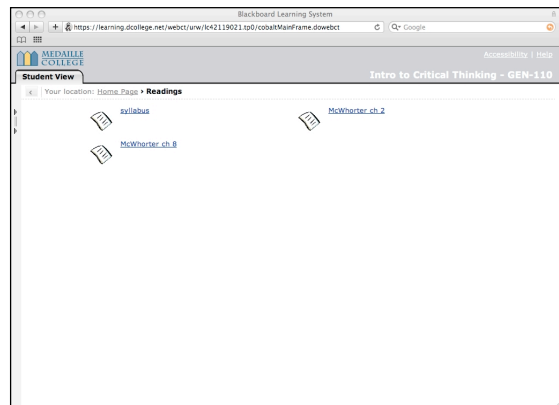

Several of our assigned readings for this course are available on electronic reserve via Blackboard (Bb). To ensure that you will be able to access these materials, please **print a copy of your first reserve reading** (McWhorter's chapter 2, "Taking Charge of Your College Career") **and bring it with you to class on Tuesday, January 26.**

I recommend that you **begin in the Academic Computing Center (209 Huber Hall)** so that you can easily get help with any issues that may arise. After you have logged in on one of the available machines, follow these steps to complete the assignment.

- (1) Open Internet Explorer (or whatever web browser you prefer).
- (2) Via the [Medaille.edu](http://medaille.edu) home page, connect to the College's Blackboard page at <http://learning.medaille.edu> and log in to the Blackboard system.
- (3) From the Course List channel, select our course (Intro to Critical Thinking - GEN110) to reach our course link.
- (4) Click on the "Readings" link to access our course materials list.

- (5) Click on the "McWhorter ch. 2" link to begin the process of downloading an Adobe Portable Document Format (PDF) file to your computer.

- (6) Once downloaded, you can read, save, or print the file using the appropriate buttons at the top of the frame; again, for this assignment, please **print a copy of the entire document to bring to class on January 26.**

Feel free to contact the lab assistants in the Academic Computing Center or myself if you need any additional assistance, and good luck!
